

REX East

As Filed CP07-208 Recourse Rates/FLU, subject to FERC approval

Effective upon in-service of REX East

Following are some of the rates and charges that would apply to service on the entire Rockies Express system following FERC approval of Rockies Express' pending certificate application in Docket No. CP07-208 to construct and operate the REX East facilities. These rates and charges are based upon FERC approval of the pending application as filed by Rockies Express, and are subject to change based on the final outcome of that certificate proceeding. Additional rates and charges may apply under the provisions of Rockies Express' FERC Gas Tariff, as may be revised from time to time. The as-filed rates and charges set forth below are provided for informational purposes only. The currently effective rates and charges for service on the Rockies Express system are set forth in Rockies Express' FERC Gas Tariff, as may be revised from time to time.
