

Rockies Express Pipeline LLC
Planned Interconnect Capacities
(September 21, 2006)

At Docket No. CP06-354-000 Rockies Express Pipeline LLC (“Rockies Express”) is requesting Federal Energy Regulatory Commission authorization to construct and operate, among other things, five pipeline interconnecting meter stations. It is currently planned that said interconnecting meter stations upon construction of the REX-West Project will have a maximum delivery capacity as reflected below. Further, upon construction of the REX-East Project, said maximum delivery capacities will be reduced as indicated in the table below. The maximum delivery capacities reflected in this notice are for planning purposes for Rockies Express shippers and are subject to further change as may be deemed necessary by Rockies Express.

Interconnecting Party	Location	REX-West (Dth/day)	REX-East (Dth/day)
KMIGT	Franklin County, NE	140,000	140,000
NGPL	Jefferson County, NE	600,000	300,000
NNG	Gage County, NE	600,000	300,000
ANR	Brown County, KS	600,000	300,000
PEPL	Audrain County, MO	1,300,000	300,000
