

March 28, 2008

Ms. Kimberly D. Bose  
Secretary  
Federal Energy Regulatory Commission  
888 First Street NE  
Washington DC 20426

Dear Secretary Bose:

In accordance with the requirements of the Interstate Commerce Act (ICA) and the Federal Energy Regulatory Commission (F.E.R.C.), Kinder Morgan Cochin LLC (KM Cochin) submits for filing four copies of the following tariff, effective April 1, 2008 on less than one day's notice:

- F.E.R.C. Tariff No. 26 Rules and Regulations Tariff (Cancels F.E.R.C. Tariff No. 2)

The purpose of this filing is to institute a line fill program wherein shippers will have at least two options for providing line fill. This change in KM Cochin's handling of line fill is necessitated by the need to keep product moving in the pipeline. Currently, shippers are reluctant to move in KM Cochin for fear of their volumes being locked up in the line as the end of the peak volume period draws near. With the new line fill program in place, Shippers will receive product at destinations including and west of New Hampton, IA with minimal or no transit time, thus alleviating those fears. Volumes destined beyond New Hampton, IA will be sequenced in the order received.

The options available to shippers are as follows:

1. Shipper will provide his pro rata share of the line fill between the US/Canadian border and New Hampton IA or,
2. Shipper will sign a "take or pay" agreement for 150% of his previous years throughput, or
3. If Shipper ships only to locations east of New Hampton IA, he may choose traditional transit time sequencing, or
4. In the event pipeline volumes tendered exceed the pipeline capacity, Shipper may over-contribute his line fill. Since line fill will be used to calculate allocated capacity, Shipper will receive additional allocated capacity.

KM Cochin has discussed this program with its shippers and has received favorable responses. In fact, the program has been modified during its development to be compatible with shipper suggestions and desires.

KM Cochin has also made some minor wording and formatting changes in F.E.R.C. Tariff No. 26.

KM Cochin requests the waiver of the 30-day filing requirement pursuant to Section 6(3) of the ICA and 18 CFR § 341.14 to file F.E.R.C. 26 on less than one day's notice. KM Cochin is requesting F.E.R.C. 26 be filed as soon as possible to be able to offer this service to Shippers who wish to take advantage of the line fill program.

We are also enclosing one additional copy of this transmittal, including all attachments, and request that it be stamped at the time of filing with the Commission's file stamp and returned for our records.

I hereby certify that copies of this tariff supplement have been sent via First Class U.S. Postal Service, or other means of transmission agreed upon by the subscriber, to all subscribers on the KM Cochin subscriber list.

In accordance with 18 CFR § 343.3(a), KM Cochin hereby requests that any protest of the attached tariff supplement be telefaxed to KM Cochin in care of Peter M. Dito at (714) 560-4602.

If you have any questions regarding this filing, please contact the undersigned at (714) 560-4910.

Sincerely,

A handwritten signature in black ink, appearing to read 'Peter M. Dito', with a long, sweeping horizontal line extending to the right.

Peter M. Dito  
Director, Economics and Regulatory Analysis
