**Re: Kinder Morgan Cochin Pipeline ULC
Incentive Tariff Filing – N.E.B. 119**

Dear Ms. Dutil-Berry

Kinder Morgan Cochin Pipeline ULC (“KM Cochin”) is hereby filing an incentive toll to be effective immediately, under section 60(1)(a) of the National Energy Board Act.

KM Cochin Tariff NEB No. 119, enclosed herewith, provides for an incentive toll at 60.5 cents per cubic metre for propane transportation from Fort Saskatchewan, Alberta, Regina, Saskatchewan and Richardson, Saskatchewan to the International border near Alameda, Saskatchewan for delivery to the Milford Terminal in the United States.

This tariff is being filed in response to shipper interest in an incentive toll for propane movement on the KM Cochin system. This toll is offered at a substantial reduction to KM Cochin’s normal toll and is offered under the very specific conditions enumerated in the tariff under Item 25.

A copy of this letter and attached N.E.B. No. 119 is also being served to all shippers and interested parties.

Please do not hesitate to contact the undersigned with any questions in this regard.

Yours truly,

A handwritten signature in black ink, appearing to read 'Peter M. Ditto', is written over a horizontal line.
