**Re: Kinder Morgan Cochin Pipeline ULC  
Correction to 2007 Contested Settlement  
NEB file: OF-Tolls-Group 1-C609-2006 01**

Dear Mr. Young:

This letter is to correct an NEB filing that Kinder Morgan Cochin ULC electronically filed on April 23, 2007.

NEB Local Tariff No. 115 erroneously shows in its "Table of Rates", Column C which indicates a Storage Volume Rate of \$3.236 per M<sup>3</sup> applicable to movements between Regina Station, Saskatchewan and the International Boundary near Alameda, Saskatchewan. Note that Item 25 of the Tariff is also in error since it refers to the conditions under which the rate is offered.

This Storage Volume Rate is no longer offered and should have been removed. The shippers are aware of this service not being offered and they have agreed to this change as part of the settlement.

Enclosed herewith is a revised tariff NEB No. 115 correcting this error.

Please do not hesitate to contact the undersigned with any questions in this regard.

Yours truly,
