Pursuant to the Commission's Order on Rehearing in Docket No. RM20-14-001, which modifies the ceiling level for the period July 1, 2021 through June 30, 2022, Double H makes this filing in compliance with 18 CFR § 342.3, Indexing. The attached Tariff Schedule Changes contains the information required by 18 CFR § 342.3(b), including the rate schedule to be changed, the proposed new rates, the prior rates, the prior ceiling level, and the applicable ceiling level for the movement for the period July 1, 2021 to June 30, 2022.

FERC Tariff No. 7.10.0 is filed to reflect a decrease in the demurrage fee and the intra-system transfer fee.

In FERC Tariff No. 8.16.0, all base rates, discount rates, and the pump over fees are decreased. Committed rates and Volume Incentive rates are unchanged. All other charges and fees in this tariff are unchanged from the prior tariff, as noted.

FERC Tariff No. 9.14.0 is a joint tariff with Tallgrass Pony Express Pipeline, LLC (Pony Express). As shown in the Rate Justification Table below (all rates in the table are in cents per barrel), the uncommitted joint rates in FERC Tariff No. 9.14.0 are equal to the sum of the underlying individual local rates on file at the FERC for the same movement - Hiland's FERC Tariff No. 8.16.0 and Pony Express' FERC Tariff No. 2.38.0.
