

Hiland Crude, LLC
a Kinder Morgan company

Oil Pipeline Filing
July 29, 2022

Ms. Kimberly D. Bose
Secretary
Federal Energy Regulatory Commission
888 First Street, N.E.
Washington, DC 20426

Dear Ms. Bose:

In accordance with the requirements of the Interstate Commerce Act and the Rules and Regulations of the Federal Energy Regulatory Commission ("FERC"), Hiland Crude, LLC ("Hiland") submits for filing the following tariff, effective August 1, 2022:

- FERC Tariff No. 5.32.0, Proportional Tariff applying on the gathering / transportation of crude petroleum on the Market Center Gathering System (cancels FERC No. 5.31.0).

Hiland filed in Docket No. IS22-646-000 on May 25, 2022 to revise its rates in compliance with 18 C.F.R. § 342.3 to be effective July 1, 2022 ("Index Filing"). It has come to Hiland's attention that the contract rates applicable to the Spring Brook East and Spring Brook areas inadvertently contained incorrect rates. Hiland shall ensure that all shippers shall be charged the lower correct rates included in the attachment to all July interstate transportation movements from the Spring Brook East Area and Spring Brook Area as originally contemplated by the agreements between Hiland and the applicable shippers. Hiland is also included an updated Tariff Schedule Change (Attachment A), which is identical to the one previously provided in Hiland's Index Filing, except to reflect the corrected Spring Brook and Spring Brook East area rates.

Hiland requests special permission to submit the Tariff on two days' notice under authority of 18 C.F.R. §341.14 and §341.2, in order to have the revised rates go into effect on August 1, 2022. Hiland submits that good cause exists for granting this request. Permitting the Tariff to become effective on less than thirty days' notice will benefit its shippers because it will ensure that the Tariff reflects the correct rates as soon as possible. Hiland acknowledges that this tariff publication is conditionally accepted subject to refund pending a thirty-day review period.

In accordance with 18 C.F.R. § 343.3(a), Hiland hereby requests that any protest of the attached tariff be emailed to the undersigned at Tariff_Group@kindermorgan.com.

I hereby certify that copies of this filing have been sent, on or before this date, by means of transmission agreed upon, to all subscribers on Hiland's subscriber list.

If you have any questions regarding this filing, please contact the undersigned at 713-420-4687.

Sincerely,

Bruce Reed
Director-Tariffs and Regulatory Affairs

Hiland Crude, LLC
 FERC No. 5.32.0

(2) Discount rates shall apply to all barrels shipped from production committed to Market Center Gathering System under contract in which the shipper makes one or more of the following commitments: (i) a commitment to ship at least 15 million barrels, (ii) a commitment, for a minimum term of at least ten (10) years, of production from acreage totaling at least 170,000 acres, or (iii) a commitment, for a minimum term of at least ten (10) years, of production from 25 or more wells to be drilled horizontally for shipment on the Market Center Gathering System such that initial production may be delivered to the pipeline. When any such committed shipper has delivered 26 million barrels to Market Center Gathering System the additional barrels shipped above the 26 million barrel threshold shall receive an additional [U] \$0.15/barrel reduction in the applicable discount rate. Exception: The aforementioned commitments are not applicable if the destination or origin is New Town Station. See New Town Station destination discounts below. See New Town origin discounts in rate table above.

(3) Otherwise applicable discount rate Gathering Charges shall be reduced by [U] seven and one-half cents (\$0.075) per barrel from origin gathering points in Camp Creek, Bainville, Bethel, White Earth South, White Earth North, Spring Brook, and Spring Brook East for all barrels gathered through a producer supplied, operated and well maintained LACT unit located at a lease tank battery.

(4) Discount rates to New Town Station are charged based on the volume sliding scale listed in the table below. All shippers qualify for these discount rates based on the volumes that they are shipping to the New Town Station:
