

PRODUCTS (SE) PIPE LINE CORPORATION

Oil Pipeline Filing
Products (SE) Pipe Line Corporation
December 17, 2025

Ms. Debbie-Anne Reese, Secretary
Federal Energy Regulatory Commission
888 First Street NE
Washington DC 20426

Dear Secretary Reese:

In accordance with the requirements of the Interstate Commerce Act and the Rules and Regulations of the Federal Energy Regulatory Commission ("FERC"), Products (SE) Pipe Line Corporation (PPL) submits for filing the following tariff ("Index Tariff"), effective January 1, 2026, on behalf of PPL and Marathon Pipe Line LLC:

- FERC No. 156.27.0, Joint and Volume Incentive Tariff with Marathon Pipe Line LLC (cancels FERC No. 156.26.0)

Explanation of Tariff Filing

FERC No. 156.27.0 is a joint tariff with Marathon Pipe Line LLC. PPL is making this filing to establish a new Volume Incentive Program, located in Item 22 of the tariff, to apply to specific locations on the Joint and Volume System Tariff if certain criteria are met. For a Shipper to qualify for the Volume Incentive Program, a Shipper must have submitted for receipts to PPL under this tariff for transportation on the system during the twelve-month period starting November 2024, through October 2025 ("Evaluation Period") an average of 30,000 barrels per day, or 20,000 barrels per day for the Newington destination, all products combined. For a Shipper that meets the volume threshold as described above, gasoline volumes submitted for receipt and shipped on PPL under this tariff to an applicable destination point will qualify for the applicable Volume Incentive Program rate as follows: (1) as long as the Shipper submits receipts to PPL under this tariff for transportation on the system for a total average barrels per day (all products combined) in a given month to PPL equal to or in excess of the Shipper's twelve month average daily throughput, as calculated during the Evaluation Period; then (2) the Volume Incentive Program rate will apply to each gasoline barrel delivered by PPL under this tariff to such point in excess of the Shipper's twelve month average daily throughput for gasoline barrels at such location as calculated during the Evaluation Period. The contact person at Marathon Pipe Line LLC is Shelley Purser Peebles, Tariff Coordinator. Ms. Peebles can be reached at (419) 421-4048 or at 539 South Main Street, Findlay, OH 45840.

PPL requests special permission to issue the Tariff on less than thirty days' notice under authority of 18 C.F.R. § 341.14 and § 341.2, so that the adjusted rates reflected herein go into effect on January 1, 2026. PPL submits that good cause exists for granting this request that the joint rates reflect the proposed new Volume Incentive Program and provide Shippers the earliest possible date to use the new program. PPL acknowledges that this tariff publication is conditionally accepted subject to refund pending a thirty-day review period.

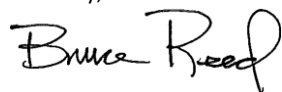

Other than the changes described above, PPL is not making any other proposed changes to the Tariff.

In accordance with 18 CFR § 343.3(a), PPL hereby requests that any protest of this filing be sent to PPL at the following email address: Tariff_Group@kindermorgan.com.

I hereby certify that a copy of this filing has been sent by means of transmission agreed upon by the subscriber, to all subscribers on the PPL's subscriber list.

If there are any questions regarding this filing, please contact me at (713) 420-4687.

Sincerely,

Bruce Reed
