Re: Advice Letter No. 43 of SFPP, L.P. (PLC-9); Compliance with Decision No. 14-12-057

Dear ED Tariff Unit:

SFPP, L.P. ("SFPP") hereby submits its Advice Letter No. 43 as a Tier 1 filing in compliance with Commission Decision No. 14-12-057 that was issued with an effective date of December 18, 2014.

Decision No. 14-12-057 adopted a comprehensive settlement of all pending Commission rate applications and complaints involving SFPP's California pipeline operations and related rates, including consolidated proceedings docketed as C. 97-04-025 et al. The settlement approved by D. 14-12-057 includes, among other things, the following provisions:

- (1) As of January 1, 2015, a surcharge shall be established to recover over a period of ten (10) years SFPP's increased Union Pacific Railroad right-of-way ("ROW") expense related to pending litigation, with a cap of \$45 million on the amount of supplemental ROW costs that SFPP is entitled to recover over the ten-year period. The previous ROW surcharge update went into effect on October 1, 2017 reflecting the final resolution with the UPRR.
- (2) The ROW Surcharge shall be trued-up every twelve months by calculating the actual amount collected over that period, adjusting the Supplemental ROW Cost Amount for accumulated Commission interest, and any change in the total cap due to settlement or disposition of the referenced UPRR litigation, and dividing the remaining total uncollected Supplemental ROW Cost Amount by the number of remaining years to arrive at a revised Target Annual Recovery Amount. The following year's ROW Surcharge shall be calculated by adjusting the previous year's \$/bbl ROW Surcharge at each destination point upwards or downwards by the ratio of the revised Target Annual Recovery Amount to the previous year's Target Annual Recovery Amount.

Based on the latest review, for the period October 1, 2020 through September 30, 2021 there will be no change in the current surcharge and no revision to the current tariff sheets, Tariff Cal PUC 139 and Tariff Cal PUC 140.

The required Advice Letter Summary Sheet is included as Attachment A.

SFPP is providing a copy of this advice letter to its shippers of record (See Attachment B hereto). The advice letter is also being served upon the parties in C. 97-04-025 et al.

Anyone may protest this advice letter to the California Public Utilities Commission. The protest must set forth the specific grounds on which it is based, including such items as financial and service impact. Protests must be made in writing and not later than twenty days after the date of this Advice Letter. The protest should be addressed to:
